

Adding Your PIN In Hoopla

Until you add your PIN to your hoopla account, you will be unable to borrow any materials. And may receive a message saying your card is expired or invalid. The following instructions are how to add your PIN to Hoopla.

1. Login to Hoopla either through the app or through the hoopladigital.com website
2. Click on *Settings*. You will see this in the upper right of the screen.
3. Choose the *Library Settings* button.

4. Next, locate the PIN field and fill in your PIN. By default, this is the last 4 digits of your library card. You can change your PIN in the library catalog or by visiting a GCLS library.

Library Card PIN

Required

5. Click on *Save* after entering your PIN. Now you can borrow hoopla materials again. Please note that if you change your PIN at any time, you need to change it in hoopla as well.
